Bring LIFE to Your Garden

Why Should I Buy My Pond Supplies from PondXpert?

OVER £2MILLION STOCK HOLDING

The stock you need **WHEN** you want it.

We all know that sales of pond supplies take off when the weather is good.

We hold everything ready to go to you next day!

E-COMMERCE B2B WEBSITE **NEW**

See **LIVE** stock levels.

Simple 24hr ordering whenever suits you best.

Be reassured by seeing what stock has been allocated to your order.

Track your order to see when it will arrive.

FREE CUSTOMER ADVICE LINE

Make use of our in-house technical help centre (12 desks).

Most consumers carry mobile phones with them while they shop.

If they need clarification about a product we can point them in the right direction allowing you to close the sale.

MARKET LEADING POS MATERIAL

Let us guide the customer through this 'technical sale' for you.

Prevents staff being 'tied up' in technical queries and reduces staff training cost

NO SPACE? NO WORRIES!

Take the order and payment from your customer and we'll deliver their goods to their home.

Saves using precious retail space up on bulky or slow-moving items.

You gain the kudos of being a specialist seller of 300 products without having to commit to holding stock!

BACK TO BASICS - REAL GARDEN PRODUCTS FOR REAL GARDEN CENTRES

There has been tremendous change in the garden centre market over the last ten years. As well as plants and ponds we now see coffee shops, paperbacks, furniture, toys and a whole host of other retail products available.

All of these additional product lines have proved essential revenue generators for the garden centre (especially given the poor 'summers' we have endured recently).

Garden centres came into existence to serve the gardener and this should remain the primary focus. Establishment of an aquatic centre reinforces your credentials as an authentic specialist.

GARDEN PONDS ARE ESSENTIAL

Building a pond is one of the best things you can do to attract insects and wildlife into your garden.

In a recent interview in July 2016 Sarah Squire of Squire's Garden Centre was asked the following question.

What are the gardening trends going forward in the next few years do you think?

People are doing much more to attract wildlife into their gardens. Our recent survey showed that that a massive 98% of people enjoy watching wildlife in their garden, 78% would leave (or have already left) an area of their garden "wild" to attract wildlife, and 32% spend over £50 each year feeding or caring for wildlife in their garden.

ENVIRONMENTALLY FRIENDLY

Great for nature!

Great for your sales!

Claim your share of the 'green pound'

ONE STOP POND SHOP

Over 300 pond products in stock.

Buy as little or as much as you need.

All items proven market winners and priced to sell!

PondCreator - Pond Merchandising Solution

Retailing pond equipment requires a degree of technical expertise. Such know-how is not always readily available in every store

PondCreator is a unique retail merchandising system that aims to quickly educate the shop customer enabling them to confidently select the correct pond hardware right for their needs.

Our aim is to provide a clear solution for customer needs no matter where they are in the pond project 'buying process': ie,

- Entice the non pond-owning consumer by explaining how easy the pond building process is. Showing how 'They Can Do It!'
- Half Price Underlay Promotion if they want the basics.
- Persuasive sales offer on filtration systems (pump, filter, hose & clips)
- Best deal if customer purchases all pond project items at the same time.

PondCreator makes the selling of pond equipment as easy as **A B C**

A CURIOUS CONSUMER GETS THE INFORMATION THEY NEED

Display stand contains the bestselling pre-cut pond liners & underlay for easy selection. (no need to mess about with scissors) Display guide explains the right size of liner for a range of different sizes of pond - complete with scale drawings.

B CONFIDENT CONSUMER SELECTS THE CORRECT PRODUCTS OFF THE SHELF

Copying the 'meal deal' method used by consumers up & down the land when purchasing their sandwich lunch the consumer is pointed to the correct components to build up their pond kit.

C SATISFIED CUSTOMER ENJOYS THEIR NEW HOBBY & RETURNS FOR MORE

Customer leaves shop with everything they need but will be back for nets, treatments, food & more!

As a shop owner you benefit by:

- Time being freed up from dealing with customer pond build enquiries and reduced staff training costs.
- PondCreator components can be sold separately. This negates the need to have boxed 'sets' alongside separates saving vital shelf-space and reducing inventory cost.
- A wide range of pond build solutions offered from a minimum amount of stock holding. Includes solutions for projects small to very large. Instant 'tried and tested' sales promotion for your store.
- The more a customer spends the more they save.
- The latest pump and filter technology.
- Everyday low prices for the consumer - yet strong margin for your store.

PondCreator - Pond Merchandising Solution

PERFECT 'READY MATCHED' POND PROJECT COMPONENTS

We understand that every pond design is different but these sets have been created to cope with the majority of customer requirements.

Examples of ponds types that can be built:

- Wildlife ponds
- Ornamental ponds
- Fish ponds, including mixed fisheries with a small amount of koi

Note: The suggested pond size included in the educational point-of-sale material is based on the pond build being 2 feet deep (0.6m). If deeper ponds are dug larger liners should be specified and the volume of water recalculated. This may lead to different pump & filter requirements. Recommended fish stocking level 1" of fish per sq foot surface area.

Set Contents:

Pressure Sets feature the feature-packed SpinClean pressure filter. Flow-through Sets feature the FiltoBox filter. Small sets (2000/3000/4500) include MightyMite Pump. Larger sets include the PondXpert UltraFlow Pump. Small sets (up to 12000 ltrs) inc. 25mm x 5m hose & 4x25mm clips. Large sets (20 to 30000 ltrs) inc. 40mm x 5m hose & 4x40mm clips.

All set components supplied in retail packaging. All Sets make you 45% POR minimum. Customer love their 'Bundle Deal' savings! Sold Separately products achieve you 50 to 54% POR

Site the retail PondCreator project in your store and receive additional 5% retro discount when 'topping-up' PondCreator component products.

Rubber Pond Liners

SynthoRubber is comparable to butyl liners - it looks like butyl and outperforms butyl across all specifications. It has a slightly reduced rubber content which helps to keep the price down to reasonable limits. Also known as EPDM this is the accepted market replacement for butyl.

- Lifetime guarantee
- Thickness 0.75mm
- Stretches into the undulations of the pond excavation.
- Black colour
- Sell with confidence as the modern butyl equivalent.

PRE-PACKED LINERS AT 'ON THE ROLL PRICE'

Our research shows that customers are not comfortable cutting pond liner off a roll. Consumers are after convenience be it pre-packed fruit, meat or pond liners!

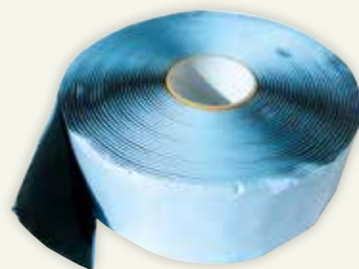

REDUCE HASSLE

- No worry about having trained staff ready to cut down liner.
- No chance of 'miss-cuts' and end-of-roll wastage.
- Reduces customer fear and apprehension. ie, If they get home and decide they want a bigger liner they can simply bring it back and swap it.

Cold Glue 10m Roll

double-sided tape can be used on all liners* - use it to join liners together or to fix punctures or tears. 5cm wide (2inch) 2mm thick.

* Excluding PVC

LDPE Pond Liners

Waterproof sheeting to line ponds. We are a pond liner specialist and have sold over 100,000 liners to date. Sell pondXpert liners with confidence.

Flexiliner is our bestselling pond liner. Manufactured out of LDPE sandwiched between two coatings of UV resistant laminate. Fully guaranteed watertight for 30 years. The unique selling point of this item is that it is tearproof - if the liner gets punctured the hole will not 'run' as can occur with all other types of pond liner.

- Over 30 pre-cut sizes available.
- 30 years guarantee
- Thickness 0.3mm
- Tearproof
- Black colour

Pond Liner Perimeter Edging - Stone Liner

CREATE A PERFECT TRANSITION WITH STONE LINER

This decorative liner covers the edge of the pond, hiding any exposed liner and creating a perfect switch between land and water.

With approximately 225 stone particles per square inch this is the best quality stone liner around.

3 Choices of colour

4 Choices of width:
0.4m, 0.6m, 1.0m, 1.2m

Triple Action 4500	4500	11	2000 LPH	PXTP04500E	5060200445679	2

Market leading variable-flow pond pump. Switch from a 'dribble' to a 'torrent' via finger-touch control of the supplied LCD control unit. The user can fine-tune the flow to achieve the effect they want (23 flow options). By controlling the flow running costs can be reduced by up to 88%. 50mm outlet. Supplied with multi-hose adapter 25-50mm (1" to 2"). Can be set up for 'dry' or submersible use.

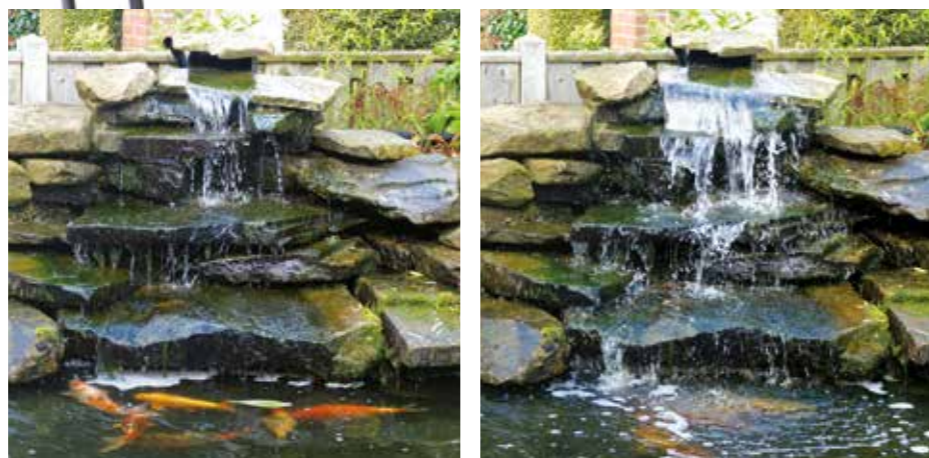

Model	Max Power	Min Power	Max Flow	Min Flow	Max Head	Code	Barcode	Qty

Comprehensive testing has confirmed the outstanding reliability of this pump. The Outdoor LCD Control Unit has stood up to all weathers but replacement 'plug in and play' Control Units are available should the need arise.

CUSTOMER TESTIMONIALS

"Variable wattage adjustment is a bonus. Works well."
 "Pump as described. Easy to set up and the adjustable flow is excellent. I'm using it with a 'cloverleaf' filter and waterfall, and getting the right flow through of water is essential to ensure the filter does not overflow. This pump is ideal in this situation."

Manipulating the flow adds real 'dynamism' to waterfalls

PondXpert PowerPump

Extreme power pumps ideal for creating impressive waterfalls and supplying large pond filter systems. Despite their impressive stats these pumps offer superb value for money.

Dimensions:
410 x 180 x 190mm (LxWxD)

- Handle solids up to 9mm
- Designed to run 24/7
- Three Year Guarantee
- Easy tool-free access
- Designed to be submersed or can be run dry if required
- 10m power cable

High power pumps at a low price-point are hard to find in the market.
This is the perfect solution!

'Smart' ECO motor with integrated circuitry.
 Save 70% on power vs. 'standard' pumps.
 High 'back pressure' maintained.

PondXpert UltraFlow Filter Pump

At last we have found a pump that 'ticks all the boxes'. Consider the following **outstanding features:**

- Ultra-low running costs.
- 'Auto-Off' function if water level drops too low.
- Choice of 10 models enables user to make a refined choice.
- Alternate inlet feed feature (blanked-off on initial set-up).
- Pump can be set up not to pull water through the strainer cage but via a hoesetail. This opens up additional uses such as connection to a surface skimmer.
- Set includes 2 multi-stage hoesetails (25/32/38/40mm).
- Can be run submersed or 'dry' (ie, suitable for pondkeepers running a gravity-fed system).
- Designed to run 24/7, 365 days per year (handles 6mm solid particles).
- Tool-free access to pump inside filter cage (easy to access and clear out any blockages).
- Three year guarantee.
- Carry handle (very useful when lifting pump out of pond).

Pump Dimensions

LWH: 25 x 18 x 11.5cm
 Relatively compact - suits any size of pond

All pumps accept hose 25 / 32 / 38 / 40mm and come complete with 10m outdoor power cable.

PondXpert Solar Pumps

Create the opportunity to have a fountain in your pond straight out of the box!

- No wiring
- No running costs

This is the second generation of our solar pumps. There is a range of flow rates to suit any water garden and all pumps come with lithium battery back up and "auto-on" LED illumination

INDOOR BATTERY BOOSTER
Indoor adapter is available to charge up batteries indoors

SolarShower 200

Max Flow: 200 Ltrs per hr
Power: 2 watts, 5v Battery
Max. Lift: 0.8 metres
Lights: LED

SolarShower 250

Max Flow: 300 Ltrs per hr
Power: 3 watts, 9v Battery
Max. Lift: 1.2 metres
Lights: LED

SolarShower 400

Max Flow: 400 Ltrs per hr
Power: 5 watts, 9v Battery
Max. Lift: 1.4 metres
Lights: LED

SolarShower 600

Max Flow: 600 Ltrs per hr
Power: 7 watts, 9v Battery
Max. Lift: 1.4 metres
Lights: LED

SolarShower 800

Max Flow: 800 Ltrs per hr
Power: 9 watts, 12v Battery
Max. Lift: 2 metres
Lights: LED

SolarShower Float 200

Solar Panel Power: 1.4 watts
Max. water Flow: 200lph
Max. water Height: 35cm
Battery Power: Lithium 3.7v
Remote Range: 10 metres (33 feet)

The SolarShower Float makes a great stand-alone feature. The solar panel is integrated into the body of the floating pump. The supplied remote has four programmes:

- 1) On/Off
- 2) LED Lights on/off
- 3) High/Low Flow
- 4) Timer (60 mins running).

NEW

PondXpert FiltoBox - "Flow-Through" Pond Filters with UVC

Our research show that the majority of ornamental pond owners have switched to pressurised filters. However, there will always be strong demand for the traditional flow-through or 'box' filter.

Box filters typically have a larger cubic capacity of filtration material and thus are able to serve large amounts of water. It is also arguable that they are an easier type of filter to maintain too.

1. UV 'ON' indicator window
2. **NEW** Electronic Ballast
3. Plastic BioBall Biomedia & Foam Mechanical Filtration are packed into the chambers of both units.

PondXpert FiltoBox

Always popular - the traditional 'box' filter was the first filter type to sell in the UK.

Many customers still prefer this method of filtration. FiltoBox has model variants to suit both small and larger ponds

- Top outlets mean filters can be buried up to 2/3 of height
- High quality construction
- Sludge drain for easy cleaning
- Easy Access to UVC.

Supplied with multi-stage inlet hosetail 25/32/38/40. Outlet pipe 50mm on 6000, 70mm on 6000

Dimensions:

- 6000 - 37x27x39 (cm LxWxH)
- 12000 - 55x38x44 (cm LxWxH)

Model	Pond Size Lts	UV Watts	Code	Barcode	Qty

FiltoBox 12000	12000	18	PXBF12000	5060200440841	1

PROFESSIONAL MULTI-BAY FILTERS AT A HIGHLY REASONABLE PRICE.

There is a good range of sizes with a solution to most pond requirements. Each filter box/bay comes complete with graduated foams, filter mat and biomedia. The foams sit in cassettes and are very easy to remove - simply push the sponges against the grips for easy cleaning.

Multichamber UV Version

- 2 x Inlet Hosetails 20-40mm
- Temperature Dial in lid
- 2 x Outlet pipes. One 70mm and one stepped fits 40/50mm
- Foams, Japanese matting and biomedia included

Dimensions:

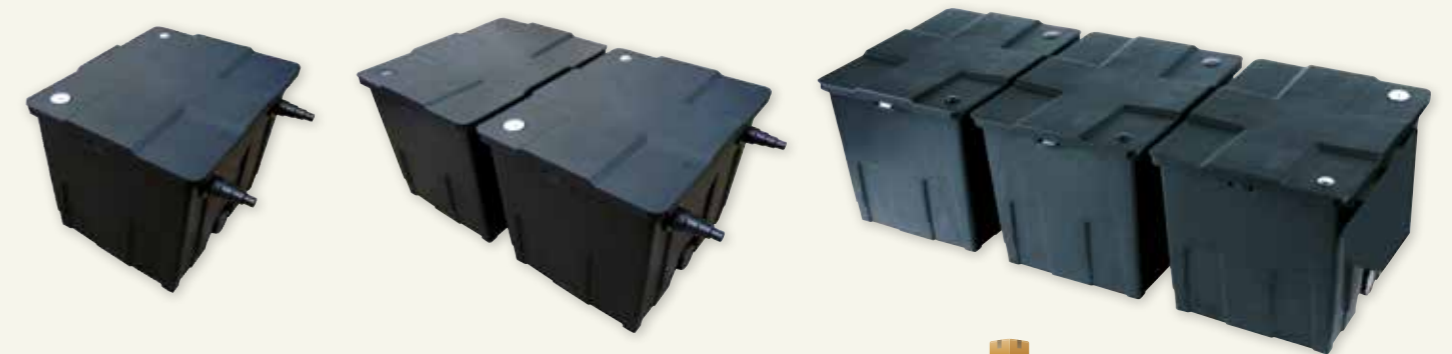

- 9000 - 535 x 465 x 405 (LxWxH)
- 18000 - 900 x 540 x 405 (LxWxH)
- 36000 - 1335 x 540 x 405 (LxWxH)

Includes enhanced UVC units which fits neatly onto the rear of all models (above image shows the UV attached to a MultiChamber 18000).

UV details – see page 26

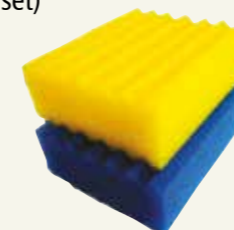

Maximum Choice - 3 different box sizes, with or without UVC.

Replacement Foams (4 set)

Replacement Jap Matt (single)

MultiChamber Cleaning Tool

NEW 30000 & 40000 Models
Extends the reach of the range into very large ornamental ponds and ponds with low koi stocks.

NEW 4500 Model - A 'stripped down' smaller budget version (ie, no bio-ball media). Ideal for small pond consumers on a budget who still demand premium features.

PERFECT PRESSURE FILTER RANGE

'Easy Clean' for the customer . . . 'Easy Sale' for the retailer.

A solution for all ponds from 4,500 Litres to 40,000 Litres (1000 to 8800 gallons)

PERFECT PARTNERSHIP PUMP & FILTER RANGE

SpinClean & UltraFlow Filter Pump are a match made in heaven.

Extensive Range: 6 filter model choices plus 10 pumps
Allows flexibility depending on customer requirements (eg, running a higher than average waterfall, high fish stocks)

Latest Technology: Feature-packed Eco Pump
Premium Filter with 'Easy Clean' maintenance

Filter Model	Recommended Pump*	Max Pond Vol*
4500	3000 / 3600	4500 Litres
6000	3600 / 5300	6000 Litres
12000	8000 / 7000 / 6000	12000 Litres
20000	10000 / 12000	20000 Litres
30000	12000 / 14000	30000 Litres
40000	14000 / 16000	40000 Litres

* Pond volumes based on low fish stocks in semi-shaded conditions.
* Recommended pump - best match listed first - others suitable depending on project.

PondXpert SpinClean Pressure Filters

Designed for customers wanting a bit more from their pond filter. With these filters internal cleaning rotors can be accessed externally meaning periodic cleaning of the filter is much easier.

When ready to clean the cleaning indicator pops up. The pump should be switched off and the cleaning dial set to 'waste'. Turning the handle agitates the sponge filters shedding dirt. The pump should be switched back on and the dirty water escapes. Once the water starts to run clear the pump should be switched off and the cleaning dial set back to 'pond'. The pump can be switched back on and clean water enjoyed!

Features:

- Quality features at a bargain price
- Tap on waste discharge valve
- Clear hosetail so you can see if your water is dirty
- UVC 'working' indicator
- Waste indicator pops up on lid when filter needs cleaning

Dimensions:

6000: 41 x 38cm (height x diameter), 12000: 52 x 38cm (height x diameter), 20000: 73 x 38cm (height x diameter) Inlet/outlet: 20-40mm, 12-25mm on 6000

NEW Larger Units of this popular range mean that any pond from 4500 to 40000 litres can be serviced.

JUST LOOK AT OUR TEST RESULTS

We were astonished (and embarrassed!) by the amount of dirt the filter picked up. Fig. 1 shows the discharge with Fig. 2 showing the dirt continuing to flow. By fig. 3 we were ready to switch the water back to the pond. After completing this very easy cleaning regime a few times in a fortnight the positive results were clearly visible.

SpinClean Filters
Extended Model Range for 2018

NEW

PondXpert Cleanopond

- Powerful 1400w motor, allowing 2.0m suction depth
- Large 30 Litre water chamber
- Automatic emptying. Chamber fills with dirty water then automatically switches off and empties - once empty it auto restarts and vacuuming continues
- 4m suction hose
- 2m Discharge hose
- Can be used indoors as a wet/dry vacuum
- Fine mesh discharge bag can be placed over discharge outlet meaning filtered water can be returned to pond. Often water will be very dirty and can simply be discharged to flower beds (great fertiliser!)
- Comprehensive accessories including 3 heads, dustbag for indoor use and discharge bag to collect debris

A FULL SET OF ACCESSORIES IS INCLUDED

PondXpert Pond Nets - Heavy Duty - Interchangeable Heads

Super strong pond net with hyper-extension telescopic pole. This professional net system has a choice of heads. Max reach 3m (10') Rubberised finish and scrape bar protection on netting for long life Pole is lightweight (yet incredibly strong) - so more comfortable in use.

NEW

Heavy duty pole/handle is three times stronger than standard. There is also a foam comfort grip half way down the handle for added stability.

These nets are strong enough to fish a pump out of the water

Outdoor Electric

CONTROL YOUR EQUIPMENT PONDSIDE

Any lengths of exposed outdoor cable should be housed in a metal sheath to prevent accidental breakage.

PondXpert Outdoor Switchboxes

Outdoor switchboxes are essential pondkeeping kit. These sturdy switchboxes offer a number of outlet options and are easy to wire up. Max load 1080 watts, max load per outlet 360 watts. Inlet accepts standard outdoor cable.

PondXpert Electrical Cable Connector

Joins electrical cable with a watertight seal but has the benefit of being able to 'snap off' the connection. This means that outdoor items such as pond pumps can be easily disconnected and removed when necessary (eg, winter).

PondXpert Electrical Cable Joiner

Waterproof connector - perfect for extending power cable length.

Barley Straw Triple Pack

The classic solution to pond blanket weed, duckweed and algae. Treats 6750 litres for 8 weeks before replenishment is needed. 100% organic and safe for all ponds. Infused with lavender for increased effectiveness.

Promo-marked '3 for 2' packs FREE promo 'dump-bin' point-of-sale available

Code	Barcode	Product Description	Qty
PXBARL03	5060200449257	Barley Straw Triple Promo	60 (free bin)
PXBARL02	5060200447574	Barley Straw TwinPack	6
PXBARLMI	5060200449264	Barley Straw Midi Bale	6
PXBARFLAKE	5060200449240	Barley Flakes 1000gal pack	6

Barley Straw Flakes

Pack includes two pouches of barley 'flake' material. Unlike other barley straw products the pouches sink to the bottom of the pond. This improves the cosmetic appearance of the pond and increased water exposure increases efficiency. Pack treats 4500 litres (1000 gallons).

Barley Straw Midi Bale

Larger bales for big ponds. Each log treats 13,500 Litres (3000 gallons) for 8 weeks.

PondXpert Pond Gel Balls

"Pond Gel Makes Your Pond Well"

Biodegradable balls water conditioning treatment. Simply pop them into your filter and they will slowly dissolve releasing millions of healthy bacteria and enzymes. Your pond will be brought gently back into balance as ammonia and nitrite issues are resolved. The balls also contain a clarifying agent to give the water a clear 'crisp' finish.

500ml of Gel Balls treats 15,000 Litres (3300 gallons)

NEW

PondXpert 'Throw 'n Go'

"Blow Your Pond Problems Away!"

This water conditioning treatment takes the form of 5 giant spheres. Each ball treats 5000 Litres (1100 gallons). It is a super sized version of pond gel as described above designed to be dropped straight into the pond.

Pack Treats 25,000 Litres (5500 gallons).

Dosage: Once per week

PondXpert 'Throw 'n Go' Barley Juice

Concentrated extract of barley straw - a completely natural solution to the problems of algae, blanketweed and green water. Simply throw a ball into the pond where it will slowly dissolve and clean up the water.

Pack contains 5 giant gel spheres.

Each sphere contains enough active ingredient for 5000 litres (1100 gallons)

Dosage: Once per week.

PondXpert "Y" Distributors with Flow Control Taps

Super useful pieces of kit. These Y pieces allow users to direct their water flow to multiple devices (for instance a waterfall and 'spitter' pondside ornament). The flow taps enable the consumer to get the exact force of water they require.

Available in small, large and premium models to cover all situations.

Description	Hose Size
Small Y	20mm & 25mm (3/4" & 1").
Large Y	25 / 32 / 38 / 40mm (1" to 1 3/4").
Premium Y	25 / 32 / 38 / 40 mm (3/4" to 1 3/4"). Premium Inlet accepts hose up to 50mm (2").

PVC Pond Hose

Features:

- Smooth bore-minimal flow restriction
- Will not kink or split
- Convenient 5m lengths will suit most ponds

Premium "Y" Piece

Wider bore channels. Includes strainer cage attachment and flexi-inlet option.

PONDXPRT HAVE A COMPREHENSIVE SPARES & REPLACEMENT PARTS DEPARTMENT

Electrical pond equipment is put under considerable strain during use. 24/7 reliability in all conditions is demanded by the consumer. Fortunately all of our products have a history of durability and are fully guaranteed. However certain parts can be expected to wear out over time. Our spares dept carries a comprehensive range of over 700 different pieces. Every PondXpert product has a full inventory of spares. Pond consumers are an environmentally friendly bunch and will generally be happy to fix an item rather than replace. Be reassured that our service team is available to you to help specify the correct parts to keep your customers happy.

Replacement Filter Foams

These foams can be used as replacement filtration media in most filters. They can be cut down to size if required. The Triple Packs contain three graded sheets - the fine sheets are singles.

Code	Barcode	Product Description	Qty
