NEW POND PRODUCTS GUARANTEED TO APPEAL TO ALL YOUR CUSTOMERS

Small pond & water feature owners

Consumer demand in the 'solar' category has accelerated during the recent energy crisis. Take advantage with our expanded solar range that has DOUBLED in size with following new items:

- **Solar All-in-One Pump -** see pg 3
- **Solar Pulse Pumps with jumping jets -** see pg 7
- **Solar Air Pump -** see pg 8
- **Solar Water Features -** see pg 8
- **Solar Underwater Lights -** see pg 10-11

Core pond-owner market

- **SolarPro Pond Pump 3000 -** see pg 5
- **Stumpy Faux Oak Seat/Cover -** see pg 18
- **Non-Stop Pond Vacuum -** see pg 31

Large ponds & Koi

- **UltraFlow 20000 Pump -** see pg 15
- **VariFlow 42/52000 Pumps -** see pg 16
- **VariFlow Strainer+ Pumps -** see pg 18
- **SpinClean AUTO 75 Filter -** see pg 23

YOUR PERFECT POND PARTNER!

Solar TripleAction & UVC

Solar TripleAction All-in-One Pump/Filter/UVC

TECHNOLOGY BREAKTHROUGH - INC. SOLAR UVC - EXCLUSIVE

Multi-functional TripleAction is the ideal all-in-one solution for pond owners that desire clear and healthy water.

Single submersible unit eliminates the complexity of conventional filtration systems of separate pumps, filters and UVC's.

- 5W UVC combats green water. User selects operation start time for pump & UV then on-board memory repeats start time automatically.
- Powerful solar pump with lithium battery
- Filter picks up dirt, prevents fountain clogging and keeps pump stable under water
- Mains Adapter included in scope of delivery. Allows battery to be powered up when sun not shining.

NEW

Pump runs 4 hrs per day

UVC runs 2 hrs per day

Flexible sponge

Bio balls

Gravel

Solar Panel Power 9W (800) & 12W (1600). Lithium Battery 7.4V-2000mAH

SolarClear 5W Solar Powered UVC

NEW

Standalone solar UVC, needs to be fed by a pump (not included).

- 5W UVC combats green water. Lights up automatically to run two hours per day.

Solar Panel: 3 Watts 9V
Operation Voltage: 12V DC
Cable Length: 5m
Lithium Battery 7.4V-2000mAH
Rec. Flow Rate: 400-800 LPH

Unit designed to work underwater.

12mm Inlet - compatible with SolarShower 400/600/800/1600 & SolarPro 3000

Solar Pumps

Create the opportunity to have a fountain in your pond straight out of the box!

- **No wiring**
- **No running costs**

This is the second generation of our solar pumps. There is a range of flow rates to suit any water garden and all pumps come with lithium battery back up and "auto-on" LED illumination.
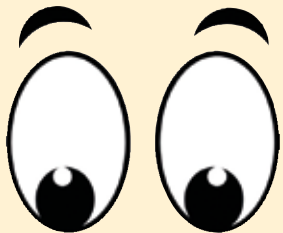

Reliable ✓ **Battery Back-Up** ✓ **LED Lights** ✓

Multi-Colour LED Lighting

SolarShower Float 200

Solar Panel Power: 1.4 Watts
Max. water Flow: 200lph
Max. water Height: 35cm
Battery Power: Lithium 3.7v
Remote Range: 10 metres (33 feet)

The SolarShower Float makes a great stand-alone feature. The solar panel is integrated into the body of the floating pump. The supplied remote has four programmes:

1) On/Off 2) LED Lights on/off 3) High/Low Flow 4) Timer (60 mins running).

Perfect Upsell Opportunity!

Add an inexpensive solar filter to enhance pump performance.

SolarShower 200

Max Flow: 200 Ltrs per hr
Power: 2 Watts, 5v Battery
Max. Lift: 0.8 metres
Lights: White LED

SolarShower 300

Max Flow: 300 Ltrs per hr
Power: 3 Watts, 9v Battery
Max. Lift: 1.2 metres
Lights: White LED

SolarShower 400

Max Flow: 400 Ltrs per hr
Power: 5 Watts, 9v Battery
Max. Lift: 1.4 metres
Lights: White LED

NEW

SolarShower 600

Max Flow: 600 Ltrs per hr
Power: 7 Watts, 9v Battery
Max. Lift: 1.4 metres
Lights: White LED

SolarShower 800

Max Flow: 800 Ltrs per hr
Power: 9 Watts, 12v Battery
Max. Lift: 2 metres
Lights: White LED

SolarShower 1600

Max Flow: 1600 Ltrs per hr
Power: 20W (2x10W)
Battery: Lead Acid 12v
Lights: White LED

EcoFilter Underwater Filters

Solar Filter - Unique Exciting Concept

Entry-level compact submersible pond filter designed to be positioned UNDER the water surface. Perfect for keeping small ponds up to 4000 litres clear and healthy.

- Specifically designed to partner up with with Solar Pumps
- Solar Pumps tend to be lightweight and fragile - the filter foams grip the fountain stem keeping it upright and also stop solid particles blocking the impellor
- Using a Solar Pump allows "Wireless Ponds" to be created. Customers can create a garden pond with no need for outdoor electrics
- Filter can also be used with fountain pumps - foams prevent solid particles causing foam blockage
- Perfect budget solution for small/preformed ponds.

EcoFilter 2000 Filter Contents
1 x Plastic Box Filter
4 x Foam Pieces
2 x Fine Filter Nets

EcoFilter

EcoFilter 2000 (gravel not included)

EcoFilter 4000 (gravel not included)

3000 Filter Pump Set

Game changer!

Solar Pump strong enough to power a typical pond on its own.

Set includes:
- Control Unit
- Pump & Panels
- Mains Charger

Fountain kit & LEDs not included

NEW

SolarPro

Max. Flow: 3000 LPH
Power: 50W (2x25W)
Battery: Lead Acid 18.5v-4AH
Outlet: 20/25/32mm

Booster Panel 25W

Reduce recharge time and boost flow

Mains Adapters

All PondXpert solar pumps have a mains adapter available for indoor charging during cloudy weather

SolarAir

Solar Oxygenators

Provide the pond with vital oxygen in the summer months. A real favourite with consumers:

- **No wiring**
- **No running costs**

Our comprehensive range includes simple entry models plus pumps with battery backup and even a floating model.

Battery+ models are all 'day & night' running - able to work when sun goes down and ponds shortest of oxygen

Solar FloatingAir (2 types)

Solar panel integrated into floating Unit. 150LPH. Single Airstone.

NEW version includes lithium battery.

SolarAir 150 Battery+

Solar air Pump with Lithium battery. Pump integrated into panel to save space. 1W Panel.

SolarAir 100

Entry model with single airstone. Max Output 100LPH. 1W Panel

SolarAir 200

Twin airstones. Max Output 200lph. 1.4W Panel

SolarAir 200 Battery+

Solar air Pump with Nimh AA battery. Twin airstone. Battery can be charged by mains adaptor (available separately). 1.5W Panel

SolarAir 300 Battery+

Introducing the most powerful solar air pump in our range. Includes high storage lithium battery and features three operating modes - Continuous, Intermittent and Gradient.

NEW

Charge by solar panel or USB connection indoors (USB cable included)

Power: 3.5 Watts

Battery: 3.7v/4000mAh

Output: 300 LPH

Set includes 2 airstones, airline (1.2m x 2), two check valves

Great for indoor fish tanks as well as ponds

SolarSublight SUPER - Premium Solar Submersible Lighting

Powerful solar lighting with enhanced solar power and higher capacity lithium batteries.

Includes brightness level option (High/Low).

High quality 'no-leaks' construction.

SolarSublight SUPER Quad Set

NEW

A set of FOUR solar underwater lights.

Two lengths of main cable allow for extended positioning possibilities for the consumer.

Specifications

Solar Panel: 3.5 Watts

Lithium Battery: 3.7v/3600mAh

Lighting Power: 1.2W per light (144 lumens)

Set illumination: 4.8W / 576 lumens

Cable Length: 3 mtrs x 2 (1.15m between lights)

Running Time

Low Light: 24 hrs   High Light 12 hrs   Charge time: 8 hrs

*TripleAction*15000 **XL**

TripleAction XL

Combined pond pump/filter/UVC designed for bigger ponds. The TripleAction 15000 power is boosted by inclusion of a larger pump and the filtration area can be increased by expanding the modular filter.

- All-in-One for bigger ponds up to 15000 Litres
- Mighty Max Flow 5200 LPH
- Powerful 13W UVC
- Large Fltration Area (can be increased)
- Low running costs - EcoPump just 55W

Integrated handle for easy lifting

Big Fountains | **(Bell & Tier)** | **Powerful Waterfalls**

Clip-on Filter Cartridges increase filtration area.

The first 'All-in-One' Pump with enough power to create a 'Geyser' style fountain display! (nozzle available separately)

Hosetail 20-25mm
Dimensions: 35x31x20cm
Max height inc. fountain 58 - 73cm

Designed for ponds at least 26cm (10") deep.

2 Watts illumination power (3.6W total power)

Mains transformer included
5m LV Cable
2m Mains Cable

TripleAction

TripleAction

Submersible pond pumps with built-in filter and UVC. A complete submersible filtration system in one handy unit. Very easy to install.

One electrical power cord powers all functions. Hides underwater leaving pond side clear of equipment. Expanded model range now means there is a solution to suit ponds sized 2000 to 9000 15000 Ltrs.

Each model packed with the **following features:**

- Large filtration area packed with filter media including foam and pods of biomedia.
- Reliable pond pump
- integrated UV unit to combat green water.
- Fountain Kit with a choice of three displays.
- T-Piece to allow directional flow to waterfall and fountain at the same time.
- Separate hosetail (12/20/25mm) to run without fountain.
- 'Tool Free' easy access for maintenance.
- 10m power cable

MightyMite Filter Pumps

Perfect for customers with smaller fish ponds needing to feed a filter system and/or waterfall.

- Handle 4mm solids
- Suitable for running 24/7
- Easy tool-free access
- Three hosetails included
- 10m power cable
- Three year guarantee.

Dimensions LWH: 203 x 214 x103 mm
Hose Outlet: 20, 25 and 32mm

No 'multi-language' box text. Designed to communicate to UK consumers. Increased space for additional consumer data.

Market leading consumer info
Now includes potential waterfall height and maximum suggested pond size.

Inspiring Updated Packaging. Now with Three Year Guarantee.

Simple 'tools free' access to pump inside strainer cage. Makes cleaning any blockages simple.

Three hosetails included in scope of delivery. Additional convenience as no need to cut a multistage hosetail down to maximise flow.

Perfect pumps for creating small waterfalls.

UltraFlow Filter Pumps

The ultimate Pond waterfall and Filter Pump. Reliable and durable this solids-handling pump now comes with a three year guarantee. Pumps boast features the latest electronic motor with on-board IC 'intelligence'. **Features include:**

- Ultra Low Running costs
- 6mm solids handling
- 3 Year Guarantee
- Auto Off function when dangerously low water level detected.
- 'Tool Free' access to pump motor for easy maintenance.
- Pump can run sumbersed or 'dry'
- Includes two multi-stage hosetails (25/32/38mm)

Two Multi-stage Hosetails included. Keep as a spare - use for 'dry running' or use to attach an optional skimmer (not included).

'Dry' Running Option.
Perfect for gravity-fed filtration systems.

Handle on pump casing. Essential for safe-lifting. Pump Dimensions 25x18x12cm (LWH)

ONE PUMP - MULTIPLE DISPLAY OPTIONS

Images show **VariFlow 30000 Geyser fountain** in action. Fountain height controlled by LCD Control Unit operated pond-side. User can choose from 23 power settings.

VariFlow Fountain Kit

Create a fantastic **controllable** fountain spectacle.

- Max power for spectacular display
- Low height, night-time with economy energy
- Run a fountain and waterfall/filter simultaneously

Fountain kit with 3 nozzles (Tiered, Bell, Geyser).

Includes a TPiece allowing 20/25/32mm hose to be connected.

20000 and 30000 Fountain Kits contain 2" to 1½" Reducer.

VariFlow Filter Pump XL 42/52000

NEW

- 3 inch outlet
- Supplied with 2" pipe
- Conversion kit as shown

MANIPULATING THE FLOW ADDS REAL 'DYNAMISM' TO WATERFALLS

VariFlow Strainer+ Variable Flow Pumps

These variable flow pumps dedicated to the traditional ornamental pond owner. VariFlow pumps are growing in popularity with many first adopters running them 'dry' for use with koi ponds. These new Strainer+ models offer all the benefits of the original VariFlow but come complete with a strainer cage for submersible use. (They can be still run dry if required).

- 3 Year Guarantee
- 2 inch outlet
- 25/32/38/40mm outlet
- 10m power cable
- 3m Cable to control unit.

NEW

Adjustable 2" outlet for virtually any direction

Convenient handle built into the outer cage

Optional large strainer cage

SpinClean

Spinclean

UV POND FILTERS . . .

ESSENTIAL FOR CLEAR, HEALTHY WATER

Next Generation Easy Clean Filters

SpinClean Pressure Filters

Designed for pondkeepers who demand a bit more from their pond filter. SpinClean Filters utilise internal cleaning rotors which can be accessed externally meaning periodic cleaning of the filter is much easier

Easy Clean Procedure

With pump running simply turn Control Dial to 'Clean' mode. (This redirects water via waste outlet). Turning the cleaning handle agitates the internal filter foams and displaces dirt. Once waste water turns clear Control Dial is turned back to 'Pond'. Water redirects back into the pond as previously.

Features:

- Quality features
- **No drips!** Tap on waste discharge valve*
- Clear hosetail so you can see if your water is dirty*
- UVC 'working' indicator
- Waste indicator pops up on lid when filter needs cleaning

*not 4500 or 6000 (available separately)

See following page (22) for further details of internal components.

Note: SpinClean and SpinClean AUTO carry the same base-spec. So conveniently they have the same matching spare parts.

Model	Pond Size Lts	UV Watts	Code	Barcode	Qty
SpinClean 4500	4500	11W	**PXSC04500**	5060200448618	2

STANDARD SPINCLEAN

AUTO SPINCLEAN

EASY
Turn Handle to Clean

Even EASIER!
Simply twist control dial for motorised cleaning

SpinClean

- Popular 'entry-level' filters
- Unique 'Easy Clean' mechanism
- Highly competitive price point
- Reliable

SpinClean AUTO

- **NEW** Generation with latest technology
- Motorised cleaning process
- Same base features as standard SpinClean
- Additional 'Pro' model for koi-keepers

SpinClean AUTO

SpinClean AUTO

SpinClean AUTO (motorised cleaning)

Probably the most convenient and easy way to keep a garden pond clean and healthy

Super convenient one-touch cleaning.

- One touch motorised cleaning
- Specification as 'standard' SpinClean but manual 'turning handle' replaced with automatic motor.
- Easy to understand for consumers - Models match up with existing SpinClean range - the only difference is the method of powering the cleaning function.

pondXpert
SpinClean AUTO Filters

First came Box Filters. Then pressure filters arrived. Soon 'easy clean' pressure filters came. **NOW** we present motorised-cleaning pressure filters!

Reduced effort required during cleaning. Finger-touch operation

Procedure when it's time to clean:

1) Turn blue dial so arrow is facing waste outlet.

2) UV light turns colour red and the motor turns the cleaning paddle against the sponges.

3) After 3 minutes cleaning a beep indicates cleaning is finished.

Cleaning will typically take a minute or so (until waste water looks clear). The 3 minute warning siren is a feature to remind customer to switch off cleaning mechanism.

Note: Motors have proved highly durable but are available as a 'plug-in' spare part.

AUTO Pro 75 **NEW**
75% higher capacity than AUTO Pro 50 (300 Ltrs).
Double Floating Media (70L) and bigger UV (60W).

SpinClean AUTO Pro
Extra Large Pressure Filters for larger ponds and koi ponds

New 75 size compared to 50

Hand crafted extra large fibreglass chamber (volume 170 & 300 litres).

Cut-away image shows internal foams and Floating Bed.

Solid particles from dirty water attach to foams. Water flow then forces biomedia to tumble around the extensive outer skin area.

This tumbling action encourages healthy new bacteria to grow. UVC zaps single cell algae to combat green water.

Floating Bed Technology
Auto 50 ships with 35 litres of X2 biomedia included. For consumers with heavily-stocked fish ponds this media bay can be topped up to 60 litres.

biomedia design shown here not as supplied - see bottom of page.

SUPER BENEFITS

Fuss-free Plug-in and GO!
No need for rigid pipework or complicated fittings.

Maximum landscaping opportunities
Very small 'footprint' - compact design. As with all pressure filters unit can be buried/hidden lower than water outlet. Outlet water can be used to power a waterfall (max 3m).

Koi Compatible
Suitable for lightly stocked koi ponds up to 37,500 litres.
As a guide filter can handle fish managing to digest 150 to 200g of food per day.

Higher water volume capacity
Suitable for ornamental ponds up to 75,000 litres. Maximum recommended pump flow 16000LPH & 20000LPH.

Crystal Clear Water
Integrated UVC with max power of 60W prevents pond water going green.

Easy Maintenance
One-touch cleaning with motorised cleaning feature.

X2 Floating Biomedia 25L
16mm dia. x 10mm Effectively generates healthy bacteria.

FiltoBox

Filtobox Gravity 'Box' Filters

Always popular - the traditional 'box' filter was the first filter type to sell in the UK.

Many customers still prefer this method of filtration. Filtobox has model variants to suit both small and larger ponds

- Top outlets mean filters can be buried up to 2/3 of height
- High quality construction
- Sludge drain for easy cleaning
- Easy Access to UVC.

Supplied with multi-stage inlet hosetail 25/32/38/40. Outlet pipe 50mm on 6000, 70mm on 12000

6000 - 38 x 28 x 38 cm (LWH)   **12000** - 55 x 38 x 44 cm (LWH)

PondXpert 'PondCreator' Intelligent Merchandising Solution

ALL PONDXPERT POND EQUIPMENT

has been carefully designed to complement each other.

Each product solves a pondkeeping problem and some of the items are designed to work together in the same pond (The best illustration of this is our pumps and filters).

The following four pages describe the PondXpert PondCreator Merchandising System

Designed to make pondXpert products easier to sell for the retailer and assisting the consumer with their purchasing decision.

As you will know - consumers have very different requirements. Some will want a simple replacement pump or filter - others will be looking to build a brand new pond.

With the PondCreator System the more the retail customer spends the better discount they get.

The customer walks away happy and satisfied with top value pond products. You, the retailer achieve a higher 'shopping basket spend'.

PondCreator Benefits

- No need to stock a pump, filter AND pump/filter sets. Reduce stockholding and free-up cash flow
- PondCreator provides an easy-reference guide to selling pond equipment. It is a first class training tool that helps boost confidence of sales staff when selling this technical product.
- Build an eye-catching display by taking advantage of POS opportunities
- Enjoy ready-made sale promotions proven to drive additional sales

Easy Reference Product Selector System

1) POS info explains what components are needed to build a particular size of pond.

2) Customer can quickly make the correct selections by matching up the colour coded swatch sysem printed on product boxes.

3) Customer guaranteed correct equipment selection.

Benefits

1) Allows customer to select correct equipment.

2) System can take sales while aquatics-trained staff are not available.

3) Can act as a great 'starting point' to a sales conversation. Chance to build on this information with higher featured or higher powered products.

4) Information takes a browsing customer from a 'cold prospect' to a 'warm prospect'.

PondCreator 6000
Pump & Filter Components

No need to stock a pump, a filter AND pump/filter sets.

Reduce stockholding and free-up cash flow.

Colour indicators printed onto *PondCreator* component boxes enable customer to select correctly matching options

PondCreator POS Available

No need to stock a pump, a filter AND pump/filter sets. Ask your PondXpert Sales Representative for further information.

Water Health

NEW

Test Strips Grab Pack

Pack of six dip tests. Provides a reliable check on 6 key parameters:

- Chlorine
- pH
- Carbonate
- Hardness
- Nitrite
- Nitrate

Liquid Test Set

Comprehensive test kit allowing measurement of 8 parameters inc. phosphate, pH and ammonia.

NEW

Anti-Chlorine Treatment

Makes tap water safe for fish by neutralising chlorine, chloramine and other elements.

250ml treats 5680 Ltrs (1250 gallons).

1000ml treats 22750 Ltrs (5000 gallons).

Liquid Treatments Full Range - See Page 48

De-Chlorinater 10"

In-line dechlorinator removes harmful chemicals from tap water Supplied with standard tap connector fittings. Packed with premium filtration materials including High Grade Carbon & Ceramet active ceramics.

Cartridge life is approximately 150,000 litres and will last the typical pondkeeper two years of use. Max recommended flow rate 9 litres per minute.

PondMaster

- Powerful 1400w motor, allowing 2.0m suction depth
- Large 30 Litre water chamber
- Automatic emptying. Chamber fills with dirty water then automatically switches off and empties - once empty it auto restarts and vacumming continues
- 4m suction hose
- 2m Discharge hose
- Can be used indoors as a wet/dry vacuum
- Fine mesh discharge bag can be placed over discharge outlet meaning filtered water can be returned to pond. Often water will be very dirty and can simply be discharged to flower beds (great fertiliser!)
- Comprehensive accessories including 3 heads, dustbag for indoor use, discharge bag and wheels for manoverability.

Comprehensive Accessories Included
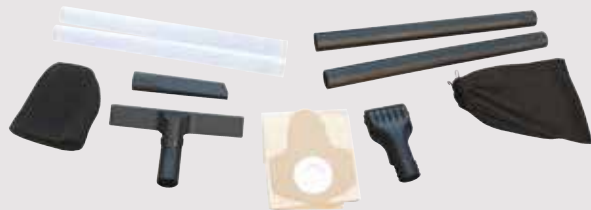

Universal Vacuum Dirt Basket

After effectively sucking up unwanted dirt and debris from the pond the last thing a customer wants is to see it re-enter the pond!

The new collapsible dirt collector collects all the solids and allows clean water to return to the pond. Handy extension tube allows unit to be positioned up to 1m from the pond edge.

AquaVac

A simple, easy to use hand operated pump device for removing silt from the bottom of the pond. Every pond accumulates a layer of silt and debris in the bottom of their pond no matter how hard you try to keep it clear.

This can lead to problems with water clarity, pollution of the water etc and therefore should be removed frequently. This silt vac is the ideal solution - lightweight and not powered by electricity, it can be taken to the pond, used to hand pump out the silt and stored ready for next use.

Features:

- Easy to use
- Telescopic - extends to 2 metres (6' 7")
- Also removes floating debris
- Complete with strainer bag
- Simple 'bicycle pump' action

Hand Operated

Non-Stop Pond Vac

CONTINUOUS SUCTION VACUUM WITH SLUDGE PUMP

Professional-quality vacuum that offers a step change in features over existing pond vacs on the market. This heavy duty vacuum has a built-in sludge pump that automatically ejects filtered water while dirty water is being sucked in to the unit.
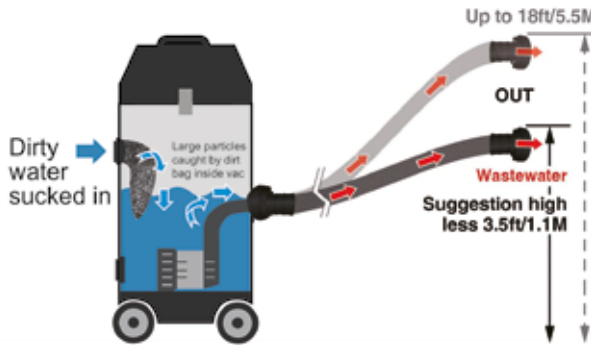

Consumer can clean the pond 'non-stop' without having to wait for the chamber to empty.

How it works

Dirty water sucked in → Large particles caught by dirt bag inside vac → Clean water pushed out
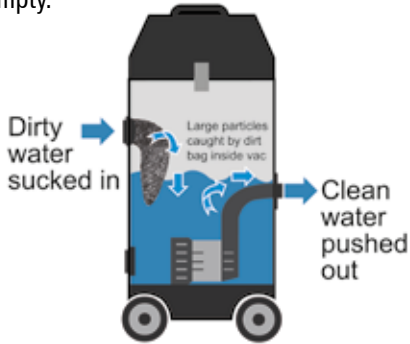

As dirty water enters the unit large debris (eg, leaves) are trapped inside the internal strainer bag. Remaining dirty water containing micro-solids flows to the bottom of the unit where they are ejected by the integrated solids-handling pump.

Dirty water should be directed towards waste/flowerbeds. For those users wanting to recycle the water an ultra-fine dicharge bag is supplied. This Outlet Bag clamps onto the outlet hose at point of exit.

Dirty water sucked in → Large particles caught by dirt bag inside vac

Up to 18ft/5.5M

OUT

Wastewater

Suggestion high less 3.5ft/1.1M

Internal Pump

Solids-handling Discharge Pump located in the base of the vacuum chamber.

Hose Extension 5m

5 metre Extension Hose lengths can be added to existing hose to make total discharge hose length as long as necessary.

NEW

2 YEAR GUARANTEE

Key Benefits

- Quicker & easier cleaning
- Continuous use
- Pump out dirty water uphill
- Two year guarantee
- Max. operating depth 2m

Features

- 35 Litre Chamber
- 1200W suction motor
- 600W discharge pump
- Pump output 11,500lph
- Suction hose length 4m
- Four wheels for easy manoeuvrability
- Discharge hose length 2m (unlimited length achievable via extensions available separately)

Box Contents

A choice of three Head Nozzles are included in the scope of delivery.

PondXpert Pond Nets - Heavy Duty - Interchangeable Heads

Super strong pond net with hyper-extension telescopic pole. This professional net sytem has a choice of heads. Max reach 3m (10')
Rubberised finish and scrape bar protection on netting for long life Pole is lightweight (yet incredibly strong) - so more comfortable in use.

These nets are strong enough to fish a pump out of the water

Catch Net

Sludge Net

HD Skimmer Head

HD Poles

Existing 3m pole joined by new fixed length 0.4m and 1.0m. Shorter poles ideal for new Koi Socks and for in-store maintenance.

HD Skimmer Head

Skimmer head is now available for attachment to this stronger net system - ideal for keeping big ponds in tip-top condition.

Pond Gloves

Hard-wearing PVC with extended arm guard and elasticated sleeve to protect clothes. Universal fit.

Skimmster

Bargain skimmer ideal for small ponds up to 25 square metres (16x16ft) surface area.

- 45 watts
- 10m power cable
- 2500lph intergrated pump

EasySwitch

Standard Outdoor Electrical Cable

Premium Outdoor Electrical Cable

CONTROL YOUR EQUIPMENT PONDSIDE

Any lengths of exposed outdoor cable should be housed in a metal sheath to prevent accidental breakage.

Outdoor Switchboxes

Outdoor switchboxes are essential pondkeeping kit. These sturdy switchboxes offer a number of outlet options and are easy to wire up. Inlet accepts standard outdoor cable.

Electrical Cable Connector

Joins electrical cable with a watertight seal but has the benefit of being able to 'snap off' the connection. This means that outdoor items such as pond pumps can be easily disconnected and removed when necessary (eg, winter).

Electrical Cable Joiner

Waterproof connector - perfect for extending power cable length.

New improved EasySwitch boxes

- Outlets individually fused
- Enlarged connectors for easy wiring
- Wall fixing bracket & spare fuse included
- Max load per outlet 400W
- Max load per box 1200W/1600W/2400W
- 3 Year Guarantee

FlexiLiner

Rubber Liner

Waterproof sheeting to line ponds. We are a pond liner specialist and have sold over 100,000 liners to date. Sell pondXpert liners with confidence.

Flexiliner is our bestselling pond liner. Manufactured out of LDPE sandwiched between two coatings of UV resistant laminate. Fully guaranteed watertight for 30 years. The unique selling point of this item is that it is tearproof - if the liner gets punctured the hole will not 'run' as can occur with all other types of pond liner.

- Over 30 pre-cut sizes available.
- 30 years guarantee
- Thickness 0.3mm
- Tearproof
- Black colour

Rubber Liner

High specification durable rubber liner with lifetime guarantee (when used with suitable aquatic underlay)

Premium Quality 0.8mm thickness.

Handy pre-cut rolls save cutting down rolls (saves on roll-end wastage and miscuts).

All sizes available in both Butyl and EPDM Rubber to satisfy consumer or installer requirements*

All rubber liners are available to buy in single quantities.

75 Pre-Pack Sizes Ready to Go!

*2.1 x 1.7m EPDM only

250ml treats 5690 litres (1250 gallons)
1 Litre treats 22,750 Litres (5000 gallons)

Barley Straw Triple Pack

The classic solution to pond blanket weed, duckweed and algae. Treats 6750 litres for 8 weeks before replenishment is needed. 100% organic and safe for all ponds. Infused with lavender for increased effectiveness.

Promo-marked '3 for 2' packs **FREE** promo 'dump-bin' point-of-sale available

Barley Straw Flakes

Pack includes two pouches of barley 'flake' material. Unlike other barley straw products the pouches sink to the bottom of the pond. This improves the cosmetic appearance of the pond and increased water exposure increases efficiency. Pack treats 4500 litres (1000 gallons).

Barley Straw Midi Bale

Larger bales for big ponds. Each log treats 13,500 Litres (3000 gallons) for 8 weeks.

Pond Gel Balls

"POND GEL MAKES YOUR POND WELL"

Biodegradable balls water conditioning treatment. Simply pop them into your filter and they will slowly dissolve releasing millions of healthy bacteria and enzymes. Your pond will be brought gently back into balance as ammonia and nitrite issues are resolved. The balls also contain a clarifying agent to give the water a clear 'crisp' finish.

500ml of Gel Balls treats 15,000 Litres (3300 gallons)

'Throw 'n Go' Large Gel Balls

"BLOW YOUR POND PROBLEMS AWAY!"

This water conditioning treatment takes the form of 5 giant spheres. Each ball treats 5000 Litres (1100 gallons). It is a super sized version of pond gel as described above designed to be dropped straight into the pond.

Pack Treats 25,000 Litres (5500 gallons).

Dosage: Once per week

'Throw 'n Go' Barley Juice Balls

Concentrated extract of barley straw - a completely natural solution to the problems of algae, blanketweed and green water. Simply throw a ball into the pond where it will slowly dissolve and clean up the water.

Pack contains 5 giant gel spheres.

Each sphere contains enough active ingredient for 5000 litres (1100 gallons)

Dosage: Once per week.

Filter Start Gel+   **NEW**

A live, concentrated bacteria culture gel for use in maturing new pond filters. This gel-based solution sticks to filter media allowing the nitrifying bacteria it contains to rapidly colonise the filter. This Gel is suited for use in most filters and will speed up maturation from day one.

1 litre treats 15,000 litres

Tonic Salt

Tonic Salt contains pH buffers, minerals and acts as a preventative medicine to raise general disease resistance in your fish. It also helps to lower the stress levels of your fish. Easy to use, simply mix stated amount in a bucket of pond water and pour over your pond surface.

1 capful per 70 Gallons/265 Litres

500 gramme pack treats 500 Gallons (2250 Litres)

1000 gramme pack treats 1000 Gallons (4550 Litres)

Water Feature Cleaner 300ml

Cleans and freshens any water feature. Water overnight. Dual action cleaner. Treats 120 Litres of water. Contains sodium salts. Do not use in fishponds or water containing livestock or plants.

"Y" Distributors with Flow Control Taps

Super useful pieces of kit. These Y pieces allow users to direct their water flow to multiple devices (for instance a waterfall and 'spitter' pondside ornament). The flow taps enable the consumer to get the exact force of water they require.
Available in small, large and premium models to cover all situations.

Description	Hose Size
Small Y	20mm & 25mm (3/4" & 1").
Large Y	25 / 32 / 38 / 40mm (1" to 13/4").

Universal Joiner
Joins hose
20 / 25 / 32 / 38mm

PVC Pond Hose
Features:
- ▪ Smooth bore-minimal flow restriction
- ▪ Will not kink or split
- ▪ Convenient 5m lengths will suit most ponds

Universal Flow Regulator
38/32/25mm (down to 20mm one end).
